

Thermometers

PSG offers both dial and digital thermometers.

The dial thermometers are available in two 1" Econo-Therm models and a 1-3/4" pocket bimetal model. The Econo-Therm series has two options, one with a range of -40°/+160°F and the other with a range of 0/+220°F. The pocket bimetal has a range of 0/+220°F.

The digital model is PSG's Kwiktherm°, featuring a swivel head, a range of 550/+300°F, and a 15 second automatic update with an instant update button.

Both the dial and digital models are ideal for industrial applications.

Please see specification sheet for detailed technical information.
